Yes—as soon as you enter in the case number, the files that we found that were responsive to your request can be found there. In addition, you had mentioned that you or staff sometimes reach out to the agency/provider of the information to further discuss. Let us know if you'd like to discuss the files or analyses and I'm happy to set that up for you with staff.

Happy Monday. 😊

Hi Pamela,

This is most helpful! Thanks so much for sending along the case number, which seems to be key for searching the database!

Regards,
Michelle

Hello, Michelle!

Apologies for the delay- we finally have the croc reports updated to our electronic records management system.

Link to online records page: <http://ecmrer.miamidade.gov:8080/hpi/search>

The “Case Number” is 18-999. Then click on the link that comes up. It may take 24 hours for them all to appear. I believe there are 22 reports—mostly reports from FPL to the South Florida Water Management District as part of the Uprate project or from FPL to the US Fish and Wildlife Service. There are two permits issued to FPL by the Service as well. Let us know if you have any questions or if you want additional information on our analyses.
