SUBJECT: DEPARTMENT OF THE NAVY, LICENSE AMENDMENT, MAIL CONTROL NO.
610042

Dear Dr. Goodfellow:

This refers to your letter dated September 19, 2018, requesting a license exemption for depleted uranium tank armor. Based on the March 13, 2019, meeting between your staff and the NRC, we understand that you have decided to withdraw this request. At the March 13, 2019, meeting the parties agreed that the best path forward for your request would be a modification to the NRMP 10-67004-T3NP permit. Specifically, the permit requirements would be modified such that they were commensurate with the health and safety concerns associated with the depleted uranium encased within the tanks. Also, a responsible person would be named to ensure that the tank inventory is maintained and to address any discrepancies that may arise. If you have any further questions regarding this subject please contact me at (610) 337-5076 or via electronic email at robin.elliott@nrc.gov so that appropriate answers can be provided.

Thank you for your cooperation.

Sincerely,

A handwritten signature in cursive script that reads "Robin Elliott".
