PART I.D -- COMMENTS

The NRC Office of Nuclear Material Safety and Safeguards (NMSS) searched for responsive records to your request.

Per NMSS staff, you will need to request responsive records related to SDDR #MA-1229-D-101-S from the State of Massachusetts. This state is an NRC Agreement State, and agency records on material licenses were transferred to the state. Contact information for obtaining these is available at <https://scp.nrc.gov/rulemaking.html#MA>.

NMSS staff has released in their entirety the responsive records to the other portion of your request. These two documents will soon be publicly available on the NRC public web site under their ADAMS Accession Numbers (ML100750655 and ML18065A119). We have also included copies with this response.

The amount billed is the one half hour of actual review time by NMSS staff.
