Subject: Quality Assurance Program Approval for Radioactive Material Packages No. 0935, Revision 9

Reference: Letter dated August 28, 2015, Patricia Silva to Mike Nicol, Revised Quality Assurance Program Approval Form for Radioactive Material Packages No. 0935, Revision 8

Dear Sir or Madam:

In accordance with the changes made to 10 CFR 71.106 for the Quality Assurance Program Approvals outlined in the referenced letter, the Energy*Solutions* Quality Assurance Program, ES-QA-PG-001, is still revision 4; no changes have been made to the Quality Assurance Program since it was last submitted.

The Energy*Solutions* Quality Assurance Program, ES-QA-PG-001, is currently being revised to reflect upcoming changes in the locations of activities involving licensed Type B packaging. This revision will be submitted upon completion.

If you have any questions or need additional information, please contact me at 803-758-1808.

Sincerely,

Richard L. Byars
Director Quality Assurance, OWM

Cc: Patricia Silva, Chief, Inspections and Operations Branch, NMSS/Division of Spent Fuel Management
Jeremy Tapp, Storage and Transportation Safety Inspector, NMSS/Division of Spent Fuel Management
