Subject: RAI concerning release of "old" hot lab

Discussion: In the letter dated January 21, 2019, Rutland requested that the "old" hot lab be removed as an authorized location of use. The hospital had constructed and moved in to a previously approved hot lab space within the nuclear medicine department. A closeout survey of the previously used hot lab and the Alliance mobile van was not included in the request. In addition to the closeout surveys I requested that they explain the change in spelling of the CEO's last name.
