Subject: Request to hold local community meeting - Docket ID: NRC-2019-0073

Mr. Watson,

This letter represents an official request from the County of San Luis Obispo that a public meeting addressing the potential best practices for the establishment and use of a local community advisory board be held in our county.

Diablo Canyon Power Plant is the only fully-functioning nuclear power plant that remains in California and is planned for closure in 2024/2025. Given this pending closure, decommissioning is a critical topic in our community. The County of San Luis Obispo is consequently prepared to make its facilities available for your organization's use on this, or other, nuclear power plant decommissioning topics.

Should you wish to discuss this request or have other questions, please do not hesitate to reach out to me directly, at (805) 781-5011.

Sincerely,

Guy W. Savage
Assistant County Administrative Officer

C: Wade Horton, County Administrative Officer
Rita Neal, County Counsel
