for the NAC MAGNASTOR® Cask System, January 31, 2019

NAC International (NAC) submitted its NAC MAGNASTOR® Cask System partial biennial update on January 31, 2019. The dates listed for the biennial update period in the last sentence of the second paragraph should have been “October 3, 2017 and February 1, 2019” instead of “October 3, 2017 and February 1, 2017”.

NAC submitted its biennial update in two parts. The first part occurring on October 17, 2017 (Reference 1) which covered February 5, 2017 through October 3, 2017. The second part was submitted on January 31, 2019 (Reference 2) and covered the period of October 3, 2017 through February 1, 2019. These two submittals (Reference 1 and 2) satisfy the requirements for the 10 CFR 72.48 biennial update.
