# NATIONAL ARCHIVES AND RECORDS ADMINISTRATION (NARA) 2018 RECORDS MANAGEMENT SELF-ASSESSMENT

**Welcome to the 2018 Records Management Self-Assessment!**

***Before you begin, please note the following information.***

Except where indicated, the questions in this survey are intended to cover all records regardless of format, as defined in 44 U.S.C. 3301.

The questions apply regardless of whether your agency's work processes are conducted manually or electronically.

Unless otherwise indicated, the following questions refer to FY 2018 (October 1, 2017, through September 30, 2018).

Your answers to the self-assessment questions must be specific to records management activities in your agency. We have added a "not applicable" answer option to some questions. In general, use this option only if a question references an activity or action that is not conducted in your agency because of its size or if you are a Department Records Officer and are not responsible for the activity or action. In some cases, if the activity is being done by a departmental records management program, component agencies of that department may answer "Yes."

**NOTE:** Please note that your responses to questions in this assessment may be subject to public release pursuant to the Freedom of Information Act (FOIA). However, we will not release responses to questions that contain detailed descriptions of agency activities.

NARA reserves the right to follow up with agencies to obtain additional information and/or documentation that supports their answers to the questions in this self-assessment.

As in previous years we will be conducting a validation process. Your agency may be selected at random to provide additional documentation and/or take part in interviews to discuss your records management program activities.

If you have any questions about this self-assessment or need additional information to answer a question(s), please send an email message to [rmsselfassessment@nara.gov](mailto:rmsselfassessment@nara.gov).

---

*Agency records management programs must provide for effective controls over the creation, maintenance, and use of records in the conduct of current business. (36 CFR 1220.30(c)(1))*

*Internal controls are integral components of an organization’s management that provide reasonable assurance of the effectiveness and efficiency of operations; reliability of financial reporting; and compliance with applicable laws and regulations. (“Standards for Internal Control in the Federal Government” (GAO-14-704G), U.S. Government Accountability Office, September 2014.)*

*Internal controls are:*

- Geared to the achievement of objectives in one or more categories—operations, reporting, and compliance;*
- Processes consisting of ongoing tasks and activities—a means to an end, not an end in itself;*
- Carried out by people—not merely about policy and procedure manuals, systems, and forms, but about people and the actions they take at every level of an organization to effect internal control;*
- Able to provide reasonable assurance, but not absolute assurance, to an entity’s senior management;*
- Adaptable to the organization’s entire structure—flexible in application for the entire entity or for a particular regional office, division, operating unit, or business process.*

*Control activities occur throughout the organization, at all levels and in all functions. They include a range of activities as diverse as approvals, authorizations, verifications, reconciliations, reviews/audits of operating performance, security of assets (limited access to inventories or equipment), and segregation of duties (separate personnel with authority to authorize a transaction, process the transaction, and review the transaction). Monitoring the effectiveness of internal controls should occur in the normal course of business. Periodic assessments should be integrated as part of management’s continuous monitoring of internal control, which should be ingrained in the agency’s operations. (“2013 Internal Control - Integrated Framework,” Committee of Sponsoring Organizations (COSO) Executive Summary, May 14, 2013; and OMB Circular No. A-123, “Management’s Responsibility for Enterprise Risk Management and Internal Control,” July 15, 2016.)*
