Hi Michelle,

Yes. The regulations have been adopted, effective March 1, 2019.

They may be accessed electronically directly here:

http://www.healthvermont.gov/sites/default/files/documents/pdf/Radiological%20Health%20and%20NRC%20Rule.Combined.Clean_.pdf.

There are two parts. Our previous regulations for Radiological Health are Part A. The Radioactive Materials Rule is Part B.

Bill

Hi Bill, have these regulations been adopted? If so, what is the effective date?
Thanks,
Michelle

Michelle:

Appendix 4.2-1 of Section 4.2 of the State of Vermont's final application for an Agreement contains their final regulations. I am submitting them for compatibility review. Please expedite this review.

Thank you!

Regards,
Duncan
