Subject: Docket ID: NRC-2019-0073 (Formal request from the Diablo Canyon Decommissioning Engagement Panel for the NRC to host a public meeting in San Luis Obispo, California in proximity of the Diablo Canyon Power Plant)

Greetings,

The Diablo Canyon Decommissioning Engagement Panel (DCDEP) requests that the Nuclear Regulatory Commission hold a public meeting near the Diablo Canyon nuclear power plant to help inform the NRCs

work on identifying best practices for establishment and operation of local decommissioning community advisory boards pursuant to the Nuclear Energy Innovation and Modernization Act (NEIMA).

The panel, composed entirely of engaged community members, has been meeting since May 2018, and has accomplished a great deal during the past year. As Diablo Canyons closure date approaches, the DCDEPs mission will become even more important. Please see the panels Strategic Vision for the Diablo Canyon lands and infrastructure, submitted to the California Public Utilities Commission (CPUC) on February 25, 2019. [https://www.pge.com/pge\\_global/common/pdfs/safety/how-the-system-works/diablo-canyon-power-plant/diablo-canyon-power-plant/DCDEP-Strategic-Vision.pdf](https://www.pge.com/pge_global/common/pdfs/safety/how-the-system-works/diablo-canyon-power-plant/diablo-canyon-power-plant/DCDEP-Strategic-Vision.pdf)

In the coming months, the panel will add to the Strategic Vision document regarding post- shutdown emergency planning and spent fuel storage, and these will be submitted to the CPUC record as well.

Thank you for considering this request.

Sincerely,

Diablo Canyon Decommissioning Engagement Panel Members
