

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
REGION I  
2100 RENAISSANCE BLVD.  
KING OF PRUSSIA, PA 19406-2713

April 8, 2019

Jeffrey H. Walden, M.D., FACC  
President and Radiation Safety Officer  
Consulting Cardiologists, P.C.  
85 Seymour Street, Suite 719  
Hartford, CT 06106

SUBJECT: CONSULTING CARDIOLOGISTS, P.C., ACCEPTANCE OF NOTIFICATION OF  
CHANGE OF CONTROL AND LICENSE AMENDMENT, MAIL CONTROL NO.  
611208

Dear Dr. Walden:

This is in reference to your letter dated January 22, 2019, notifying the NRC that the proposed merger of Cardiology Associates of Central Connecticut, LLC (CACC) into Consulting Cardiologists, P.C. (CC) was finalized and became effective January 1, 2019. In accordance with 10 CFR 30.34(b), your letter is accepted as the required notification. No further correspondence on this matter is required. This also refers to your license amendment request dated March 19, 2019. Please find enclosed Amendment No. 20, which adds the location of use, authorized users, and Gadolinium-153 source from the CACC license under NRC license number 06-30842-01 to the CC license. This amendment is being issued concurrently with the termination of the CACC license under mail control number 611552. In addition, this amendment adds Robert J. Golub, M.D. as Associate Radiation Safety Officer (ARSO).

An environmental assessment for this action was not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please contact me at (610) 337-5006 or via electronic mail at [janice.nguyen@nrc.gov](mailto:janice.nguyen@nrc.gov) so that appropriate corrections or answers can be provided.

You will be periodically inspected by the NRC. Failure to conduct your program in accordance with NRC regulations, license conditions, and representations made in your license application and supplemental correspondence with NRC will result in enforcement action(s) against you. This could include issuance of a Notice of Violation, or Imposition of a Civil Penalty, or an Order Suspending, Modifying or Revoking Your License as specified in the NRC Enforcement Policy. The NRC Enforcement Policy is available at:  
<http://www.nrc.gov/reading-rm/doc-collections/enforcement/>.

An electronic version of the NRC's regulations is available on the NRC Web Site at: [www.nrc.gov](http://www.nrc.gov). Additional information regarding medical uses of radioactive materials may be obtained on the NRC Web Site at: <http://www.nrc.gov/materials/miau/med-use-toolkit.html>. This site also provides the updated Training and Experience NRC Form 313A series of forms and guidance, as well as information on the revised regulations for naturally-occurring and accelerator-produced radioactive materials (NARM).

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web Site at: <http://www.nrc.gov/about-nrc/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web Site at: <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

Janice Nguyen, Senior Health Physicist  
Medical and Licensing Assistance Branch  
Division of Nuclear Materials Safety  
Region I
