Subject: [External_Sender] RE: COURTESY COPY: Request for Comment on NRC Determinations re: La Crosse Boiling Water Reactor in Vernon County, Wisconsin

Good Morning,

The La Crosse Boiling Water Reactor project located in Vernon County, Wisconsin falls outside the current area of interest of the Forest County Potawatomi Community (FCPC). Therefore the FCPC Tribal Historic Preservation Office has no wish to consult on this project. We do recommend that you contact the Ho-Chunk Nation, THPO William Quackenbush if you have not already done so. Thank you.

Sincerely,

Michael LaRonge

Subject: COURTESY COPY: Request for Comment on NRC Determinations re: La Crosse Boiling Water Reactor in Vernon County, Wisconsin

Dear Mr. LaRonge,

I hope you are doing well. I wanted to share a courtesy copy of a letter we sent to your office last week. The Nuclear Regulatory Commission (NRC) is reviewing a license termination plan (LTP) for the La Crosse Boiling Water Reactor (LACBWR) located in Vernon County, Wisconsin. The LTP lays out the remaining activities to be completed in order for the license to be terminated by the NRC. The LACBWR has not operated since 1987 and has been undergoing decommissioning since 2007. The site is also co-located with an operating fossil fuel plant, Genoa-3.

The NRC is sending you this letter to inform you of our determinations under Section 106 of the National Historic Preservation Act and for National Environmental Policy Act and to ask if you have any information to provide regarding those determinations. We are requesting a response within 30 days of receipt of the letter. If you have any questions, please do not hesitate to reach out to me.

Sincerely,
Jessie Muir Quintero

Jessie Muir Quintero
