SUBJECT: INSPECTION OF RECIPROCITY LICENSE NO. 097

Licensee:

This refers to a routine inspection conducted on February 14, 2019, by the Department of Health and Human Services' Radiological Health Section ("Agency"), of activities authorized under Radioactive Material Reciprocity License No. 097.

The inspection was an examination of activities conducted under your radioactive material license with respect to radiation safety and compliance with the New Hampshire Rules for the Control of Radiation (NHRCR) and the terms and conditions of the license. It included selective examinations of procedures and representative records, interviews with personnel, independent measurements, and direct observations by the inspector.

The inspection findings indicate that within the scope of this inspection, no violations were observed.

Should you have any questions concerning the inspection, please contact this office and we will be glad to discuss them with you.

Sincerely,

Arghya Banerjee, Health Physicist  
Radioactive Materials Program  
Radiological Health Section
