Dear Mr. Lawyer,

My name is Erin Duffy. Until the closure of our research site in March, 2019, I was the Chief Scientific Officer of Melinta Therapeutics and the research site head. As part of the site closure, we worked with Mr. David Durkee of Radcor, LLC, in order to decommission and decontaminate our labs with respect to radioactive materials. Via electronic mail, I have been asked to clarify the use of room #3159 with respect to storage of radioactive waste. I am hereby confirming that at no time was radioactive waste stored in that room. Should you have questions or concerns, please do not hesitate to contact me or Melinta's Chief Business Officer, Mr. Ryan Lococo (rlococo@melinta.com).

Sincerely yours,

Erin M. Duffy, Ph. D.
