

March 30, 2019

Jose R. Cuadrado, Project Manager
Division of Spent Fuel Management
U.S. Nuclear Regulatory Commission
Office of Nuclear Material Safety and Safeguards

Docket Number: 72-1051

Subject: Holtec International HI-STORE CIS (Consolidated Interim Storage Facility)
License Application Responses to Safeguards Related Requests for Additional
Information – SAR Update

Reference: [1] NRC Letter ML18284A427, “Holtec International’s Application for
Specific Independent Spent Fuel Storage Installation License for the HI-STORE
Consolidated Interim Storage Facility for Spent Nuclear Fuel – First Request for
Additional Information, Part 3,” from J. Cuadrado (NRC) to E. Mayer (Holtec)
dated October 11, 2019
[2] Holtec Letter 5025042, “Holtec International HI-STORE CIS
(Consolidated Interim Storage Facility) License Application Responses to
Safeguards Related Requests for Additional Information, from E. Mayer (Holtec)
to J. Cuadrado (NRC) dated March 30, 2019

Mr. Cuadrado,

Holtec submitted responses to the staff’s requests for additional information (RAIs) [1] on the HI-STORE Consolidated Storage Application in a separate letter [2] which contains appropriate safeguards information controls. As part of the responses to those RAIs, minor changes to the HI-STORE SAR were needed. Since the HI-STORE SAR is not safeguards controlled, it is submitted with this separate cover letter.

Attachments 1 and 2 contain the revised HI-STORE SAR, in proprietary and non-proprietary versions. All changes since the initial submittal are shown in track changes, however, the changes made in relation to these RAI responses are highlighted in yellow to ease the staff’s review. An affidavit pursuant to 10CFR2.390 is included as Attachment 3, requesting that the proprietary information be withheld from public disclosure.

If you have any questions, please contact me at k.manzione@holtec.com or (856) 797-0900 ext. 3951.
