Re: R & M Engineering - Ketchikan, Inc. License #50-29259-01

Dear Jason,

This letter is to formally request to opt out of the use on individual monitoring devices (dosimetry) processed and evaluated by an NVLAP-approved processor. R&M Ketchikan would like to maintain, for inspection by the NRC, documentation demonstrating that unmonitored individuals are not likely to receive a radiation dose in excess of the limits in 10 CFR 20.1502(a). R&M Ketchikan has multiple years of dosimetry records demonstrating that none of the portable gauge users ever exceeded 10% of the annual limit and can provide those records for inspection upon request.

Attached is a signed Form 313.

Please call if you have any further questions. (907) 617-1441.

Trevor Sande, P.E., President
