Bill:

We have finished checking the application (except for the regulations) and you and your team did a great job revising the document. We have identified 10 minor items we need to be revised. They are described in the attachment. We need to you to respond to this email with a letter from you to me indicating that the indicated sections from application are being replaced with the new ones as indicated. This letter will be referenced in the Commission paper and Federal Register notice as part of the application.

We will let you know about the regulations separately.

Please respond as soon as possible. Do not hesitate to contact me at 609-915-4692 if you have any questions.

Regards,
Duncan
