Mail Stop T4B34
Rockville, MD 20852-2738

FEB 07 2019

Dear Mr. Layton:

By letter dated September 25, 2018, and in accordance with the Memorandum of Understanding between our agencies, I requested that you review the French Certificate of Approval No. F/357/B(U)-96 (Revision Eaf), for the TN-MTR package and make a recommendation concerning our revalidation of the package for import and export use (Docket No. 71-3052).

To support your review, I am enclosing supplemental information provided by our applicant, TN Americas LLC. Their cover letter is attached and a cd is enclosed that contains the enclosures to that letter. Please note that they state their Enclosure 4 contains proprietary information.

If you have any questions or need any additional safety information, please feel free to contact Michael Conroy of my staff at (202) 366-3597 or via email at Michael.Conroy@dot.gov.

Sincerely,

Richard W. Boyle,
Radioactive Materials/ Research & Development
Division of Sciences, Engineering and Research
Office of Hazardous Materials Safety
