Docket: 030-07517
License No.: 53-00017-23

Dear Sir,

The University of Hawaii would like to request to amend its license per the NRC issued licensing guidance dated August 2017 to allow for a one-time extension of 5 additional years to our current license's expiration date of 2026 January 31. If approved, this would amend the license's expiration date to the year 2031.

Thank you for your attention to this request.

Sincerely,

Dr. Kenton Kramer
Radiation Safety Committee Chairperson
