SUBJECT: CLOSURE OF INVESTIGATION (OI 4-2018-001)

Dear Mr. Welsch:

This refers to an investigation conducted by the U.S. Nuclear Regulatory Commission's (NRC's) Office of Investigations regarding activities at Diablo Canyon Power Plant. The Office of Investigations initiated the investigation to determine: 1) whether an unarmed security officer was willfully inattentive to duty; and 2) whether a security supervisor willfully failed to conduct a fatigue assessment after receiving a report of a security officer being inattentive to duty.

Based on the evidence developed during the investigation, the concerns were not substantiated. The NRC plans no further action related to the willful aspect of these concerns and considers this investigation closed.

You should note that final NRC documents may be made available to the public under the Freedom of Information Act subject to redaction of information pursuant to the Freedom of Information Act. Requests under the Freedom of Information Act should be made in accordance with 10 CFR 9.23, Requests for Records.
