Re: Notice of Termination - Voluntary Cleanup Contract 16-4948-RP
Westinghouse Electric Company
SCDHEC BLWM File # 51377

Dear Ms. Parr:

On August 23, 2016, the South Carolina Department of Health and Environmental Control (Department) executed responsible party Voluntary Cleanup Contract (VCC) 16-4948-RP (VCC) for the Westinghouse Electric Columbia Plant Site, Richland County, South Carolina. The purpose of this contract was to address the existence of Volatile Organic Compounds at the Site from the operations of the Fuel Fabrication Facility.

On February 26, 2019, the Department executed Consent Agreement 19-20-HW for the Westinghouse Electric Columbia Plant Site, Richland County, South Carolina. This agreement addresses all of the requirements of the previous VCC in addition to other constituents not previously covered.

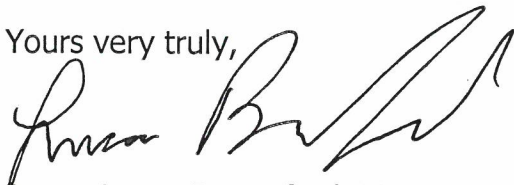

On March 07, 2019, Westinghouse requested unilateral termination of the responsible party VCC 16-4948-RP, pursuant to Paragraph 16 of that contract, based on the ongoing obligations set forth in Consent Agreement 19-20-HW.

Furthermore, on April 10, 2019, Westinghouse submitted payment of their past costs pursuant to VCC 16-4948-RP and Consent Agreement 19-02-HW in the amount of \$41,092.20. This payment represents payment in full of all oversight costs associated with the VCC.

Therefore, responsible party Voluntary Cleanup Contract 16-4948-RP is null and void as of this date, Consent Agreement 19-02-HW will address all requirements of the 2016 VCC and more.

Should Westinghouse request to discuss this further please contact me at (803)-898-0747.

Yours very truly,

James Lucas Berresford, Manager
