HIGH MOUNTAIN INSPECTION SERVICES INC
ATTN KEVIN MACMANUS
2000 W REVENUE BLVD
CASPER WY 82601

Expiration Date: May 31, 2021

NRC No.: 49-26808-02

Authorized Use: Industrial Radiography

Mr. MacManus:

High Mountain Inspection Services Inc., is granted reciprocal recognition of the above stated license for conducting industrial radiography activities in the state of Texas, pursuant to Title 25 Texas Administrative Code (TAC) §289.252(ee). This reciprocal recognition will expire on the date listed above.

In addition to the requirements and restrictions of the Nuclear Regulatory Commission license referenced above, the following conditions are imposed on your activities as a general licensee while conducting work in the state of Texas:

1. The licensee shall comply with the provisions (as amended) of Title 25 TAC §289.201, §289.202, §289.203, §289.204, §289.205, §289.251, §289.252, §289.255 and §289.257.
2. The licensee shall have the following documents in their possession at all times when conducting work in Texas, and make them available for agency review upon request:
 - a) **a copy of this letter granting the licensee reciprocal recognition of their out-of-state license;**
 - b) a copy of the licensee's operating and emergency procedures and all correspondence and items referenced in the license;
 - c) a copy of the licensee's radioactive material license;
 - d) a copy of 25 TAC §289.201, §289.202, §289.203, §289.204, §289.205, §289.251, §289.252, §289.255 and §289.257; and
 - e) a copy of the appropriate RC Form 252-3 notifying the Agency of the licensee's intent to work in Texas.

Mr. MacManus

3. If at any time during the reciprocity period of the license referenced above is amended, the licensee shall provide the Agency with copies of amendments to the license and any procedural changes pertaining to an amendment.
4. Reciprocal recognition by the agency of an individual radiographer certification is required before working as a radiographer in Texas. Reciprocity status is assigned the radiographer upon having submitted a legible copy of a Texas recognized certification.
5. A radiographer may act as a radiographer trainer after having submitted to the agency a RC Form 255-T documenting one year of experience as a Texas recognized certified radiographer and being granted reciprocal trainer recognition.

Submitting an application and/or licensee fees is only part of the process and does not grant reciprocity. This letter is your authorization to work in Texas.

You are required to notify this Department by the filing of a RC Form 252-3 at least 3 days prior to each entry into Texas. This can be faxed to: Manager, Radiation Inspection Group at (512) 834-6654.

If at any time you establish a permanent site in Texas, you are required to apply for a Texas Radioactive Material License. If I may be of assistance with your radiation safety program, please contact me at (512) 834-4588; or by electronic mail at shawn.garza@dshs.texas.gov.

Sincerely,

Shawn Garza, Program Coordinator
Industrial Licensing Program
Radiation Safety Licensing Branch
