SUMMARY AND ACTION REQUIRED (IF ANY)  
This record is a summary of the conversation that occurred between Laura Cender and William L. Van Horn on May 2, 2019 regarding the submitted letter dated April 23, 2019.

Per our discussion today, please provide your signed and dated response to the following items by no later than May 10, 2019.

- In the letter dated April 23, 2019 you state that the Texas Nuclear Model 5183 SN 104 was the last device of this type in your possession. To remove the authorization for this type of device from your license please provide a copy of the most recent leak test records and the disposal records for each Texas Nuclear Corporation Model 5183 devices that has been possessed previously under this license.  
  
If the Texas Nuclear Corporation Model 5183 SN 104 is the only device of this model that has ever been possessed, please provide a statement confirming that this no other devices of this type have been possessed under your NRC license.
- Please provide a statement confirming that the hands on training received by Mr. Justin Dix and Ms. Keely Woods included a practical explanation of and hands-on experience with operating, emergency, security, and lockout procedures, an explanation of routine vs. non-routine maintenance, and hands-on experience performing non-routine maintenance.

Hello Bill,

Thank you again for taking time out of your day to discuss your pending NRC license amendment request. As we discussed, I have attached a record of our conversation.

Please send your response to me as a signed attachment via email by no later than May 10, 2019. You may sign the response letter yourself, no need for the General Manager to countersign. Please feel free to give me a call at 630-829-9712 or send me an email if you have any questions.

Thank you,  
Laura Cender
