Looks like we will need to add Oyster Creek to the list of public meetings.

Subject: [External_Sender] RE: Community Engagement

Zahira,

The answer to your community group questions are best answered by the attached description of Oyster Creek's Stakeholder Information Forum (SIF) and State of the Plant (SOP) regular meetings with the community. SOPs have been held annually every December as a routine for many years. The SIF was established to provide more frequent meetings (every 6 months) with the committee as we moved towards decommissioning.

Plans are to continue these two meetings going forward.

Here are dates from the last two years:

- First SIF 6/6/17
- SOP 12/5/17
- SIF 5/24/18
- SOP 12/12/18

The next SIF is being scheduled in mid-June.

If you need further information on this or other topics please call or email.

Jim

Good Morning Jim,

I'm reaching out to you because I have been trying to get in touch with Jeff Dostal and have not been successful. Maybe you know the information I'm requesting below. If not, do you know if there is any other person who could provide the information I need.

Thanks,

Zahira

Good Morning Jeff, can you please respond to my email below? I am working from home today, but will call you this afternoon to follow up. I need this information for a meeting I have tomorrow.

Thanks,

Zahira

Subject: Community Engagement

Hi Jeff,

It was nice seeing you last week at the site. I'm sending this email because my group has been tasked with conducting public meetings in the vicinity of decommissioning power reactors in order to collect best practices and lessons learned on community advisory boards and then capture this feedback in a report to Congress. It is my understanding that Oyster Creek doesn't have a formal Community Advisory Board, but you do have frequent engagement (quarterly) with the community.

Can you please provide me the following information, if available: (1) charter information for the community group; (2) contact information for the lead member of the community group; (3) schedule information for any upcoming meetings.

Please call me to discuss, if you have any questions.

Thank you!

Zahira
