Dear Colleen,

Truman Medical Center requests the withdrawal of our March 11, 2019, request to amend the Radioactive Materials License #24-25816-01.

Truman Medical Center is no longer in need of the requested emergency or replacement Radiation Safety Officer. Lawrence Ricci, D.O., currently listed as Radiation Safety Officer for Truman Medical Center, is available and agreeable to serve as the Officer for Truman Medical Center. No new amendment to the license is therefore needed.

We sincerely appreciate your responsiveness and assistance.

Thank you,

  
Lynda Donegan, MPA, BSN, RN  
Vice President/Truman Medical Center

cc: Lawrence Ricci, D.O.  
Joel Hennenfent, CPO/Associate Administrator  
Wayne Carter, System Director of Medical Imaging

Hospital Administration
