Subject: Radiographic Material License #45-25007-01  
Amendment Request  
Radiation Safety Officer

Gentelmen;

Testing Technologies, Inc. would like to amend the above license to remove Gary Kolbenstetter as Radiation Safety Officer and replace him with Robert W. Kolbenstetter.

Robert Kolbenstetter has been working for TTI since June of 1991. He is a certified radiographer and has been involved with the implementation of our radiograph safety program for many years. He has performed testing and training of new and existing personnel, and has performed shipping and the receiving of sources. He is very familiar with the duties of an RSO. We feel he is qualified to fill this position, replacing Gary Kolbenstetter as RSO.

Attached you will find his certificate for RSO with DOT certification. We feel that with his 28 years experience in this field, he is qualified to fill this position. This transition will occur over the next three to six months.

Should you have any further questions concerning this letter, please contact us at your convenience.

Sincerely,

TESTING TECHNOLOGIES, INC.
