1. Do you have a parent company? If so, did you have a change with your parent company? No we did not have parent company
2. Did you have a change in ownership? No
3. Why did you switch from SE to LLC? We switch basically in terms of tax payments under SE we paid more taxes than with LLC.
4. Did the company split into separate divisions? We don't have separate divisions
- 5) Could you provide a diagram of your organizational structure before and after the change from SE to LLC? We didn't have any organizational structure change the owner is the same person.

Why did the office address change? Or is the name of the address "15 Ramon E. Betances Suite 3," equivalent to "Betances 15 Segundo Nivel?" Yes the address is the same it was the postal service who change the name of the street and added the suite to the postal address.

The current license name is listed as:

Constructora I Melendez, S. E.

You listed the Name of the company in the license renewal application as:

What is the reason for the change? Has there been a change of control?
