FLORIDA POWER & LIGHT COMPANY
(Turkey Point Nuclear Generating Units 3 and 4)
Docket Nos. 50-250-SLR & 50-251-SLR; ASLBP No. 18-957-01-SLR-BD01

Dear Administrative Judges:

Pursuant to 10 C.F.R. §§ 2.336 and 2.1203, and as modified by the Atomic Safety and Licensing Board's Initial Scheduling Order of March 21, 2019, the U.S. Nuclear Regulatory Commission Staff herein notifies the Board and the parties that the hearing file has been supplemented for this proceeding. On or about June 10, 2019, materials added to the hearing file may be accessed through the Agencywide Documents Access and Management System (ADAMS) and through the Electronic Hearing Docket (EHD). The EHD may be accessed at the following URL: <http://adams.nrc.gov/ehd/>. The hearing file may be found in the "Turkey Point 50-250 & 50-251-SLR" folder under the "Staff Discovery Materials" tab of the EHD. An index containing the ADAMS accession number, date, and title or description of each item added to the hearing file is appended hereto as Attachment 1.

Attached is the affidavit of Manny Comar certifying that all materials required to be disclosed pursuant to 10 C.F.R. §§ 2.336 and 2.1203 and the Board's Initial Scheduling Order have been disclosed, and that the disclosures are accurate and complete for documents identified as of May 17, 2019.

The Staff notes that it has made a good faith effort to identify and characterize all documents meeting the criteria of 10 C.F.R. §§ 2.336 and 2.1203 in this proceeding. In identifying these documents, the Staff does not concede their relevance to the issues to be decided in this proceeding.
