Subject: Freedom of Information and Privacy Act Request

Dear Sir or Madam:

Alliance Solution Group (ASG), Inc. is seeking access to records under the Freedom of Information Act and the Privacy Act. ASG is a small, service-disabled, veteran-owned business that offers homeland security solutions to federal, state, and local government agencies as well as private industry.

ASG is currently under contract by the Lincoln County Local Emergency Planning Committee to perform a Technological Hazard Risk Assessment for Lincoln County in Oregon. If any information is to be withheld, please notify me and ASG will request the County Emergency Management Office file a separate request. To complete the assessment, we need to identify and quantify any information on radioactive materials stored/used within the County. We are requesting information on the companies or businesses that currently have radioactive material licenses/permits within Lincoln County Oregon. If possible, please provide a copy of the license/permit indicating the specific isotope and maximum activity authorized for each item. This information can be provided electronically (CD) if available.

ASG is willing to pay the applicable fees, if any, associated with processing our FOIA and PA request. If you need any additional information, please contact me at 757-223-7233. Thank you.

Sincerely

Robert Campbell
