

**INDO AMERICAN ENGINEERING, INC.**  
CONSULTING ENGINEERS & SURVEYORS

U.S. Nuclear Regulatory Commission  
Attn: Kelly Riner & Fredonia Stewart

Dear Kelly & Fredonia,

For 40 years, my husband, Dinesh Sheth and I, Sarala Sheth, owned and managed a company named Indo American Engineering Inc., License # 49-27701-01 [a small entity].

As you have learned by speaking with Randy Erickson, Roberto Torres & Carol Hill with NRC, I have been delayed in handling high priority items due to a car accident two weeks after my husband's passing. As you also may have learned, I was not in the state of Wyoming or capable of handling the billing that was accumulating for Indo American Engineering. It was a circumstance that I hadn't been familiar with and have since been working at resolving any of the outstanding billing issues.

Fortunately, the NRC has helped my family and I through this circumstance by supporting the termination of the NRC License that was provided to Indo American Engineering for years. We are providing herein the attached letter and supporting documents in order to fulfill the requests made by the NRC to complete this transaction.

I am writing this letter to you both in order to seek your support due to the accumulation of the annual fees. I request of your understanding given our situation to waive those fees that transpired during the time of my husband's passing and my recovery from the car accident.

We have enclosed the Termination of NRC Radioactive Materials License No. 49-27701-01 Letter for your review. If you'd like a copy of any of the following documents, please let me know and we can provide any of them for you as well.

- 1) Transfer Document from Pacific Nuclear Technology Co.
- 2) Reports of Leak Test (3) from Pacific Nuclear Technology
- 3) NRC Form 314 - Certificate of Disposition of Materials
- 4) NRC Form 526 - Certificate of Small Entity Status for the Purposes of Annual Fees

Please contact me anytime for further information or if you have any questions.

Thank you for your time and help.

Sincerely,

Sarala Sheth  
(307) 350-0512
