SUMMARY

By application dated June 4, 2019 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML19155A333), the Department of Energy (DOE) requested renewal of Certificate of Compliance No. 9253, for the Model No. TN-FSV package. DOE did not request any changes to the package design or its authorized contents. The certificate has been renewed for a five-year term.

EVALUATION

The staff reviewed the documents referenced in the certificate and determined that the documentation was available and complete.

CONDITIONS

Condition No. 12 has been updated to reflect the new expiration date.

The references section of the certificate was revised to include the date of the certificate renewal request.

CONCLUSION

The certificate has been renewed for a five-year term, which expires on July 31, 2024. Based on the statements contained in the application, and the conditions listed above, the staff concludes that the changes indicated do not affect the ability of the package to meet the requirements of 10 CFR Part 71.
