**Subject:** Publication of Federal Register Notice on the NRC Staff's Draft Approaches Regarding Training and Experience Requirements for Radiopharmaceuticals

This is an automated mailing from NRC's medical list server.

On May 2, 2019, the U.S. Nuclear Regulatory Commission (NRC) published a notice in the *Federal Register* announcing a 30-day public comment period and two public meetings on the NRC staff's draft approaches regarding the training and experience (T&E) requirements for administration of radiopharmaceuticals requiring a written directive. **The *Federal Register* notice can be accessed at:** <https://www.federalregister.gov/d/2019-08996>.

The public comment period will end on June 3, 2019. Please follow the directions in the notice on how to submit written comments. The NRC is using the Federal rulemaking Web site, [Regulations.gov](http://www.regulations.gov), to accept written comments on the docket (NRC-2018-0230).

The NRC will also be accepting oral comments during two public meetings scheduled for May 14, 2019 and May 23, 2019. The May 14 meeting will be open to members of the public for in-person attendance at the NRC's headquarters in Rockville, MD, and both meetings will be accessible for remote participation by moderated bridge line and webinar. The NRC's public meeting Web site will be updated with meeting details at least 10 days before the meetings: <https://www.nrc.gov/pmns/mtg>.

To participate in the meetings via webinar and moderated bridge line, you must register in advance using the following URLs:
