Subject: Comment Period Extension to July 3, 2019, for the NRC Staff's Evaluation of Training and Experience for Radiopharmaceuticals

This is an automated mailing from NRC's medical list server.

On May 23, 2019, the U.S. Nuclear Regulatory Commission (NRC) published a notice in the *Federal Register* announcing a 30-day extension of the public comment period on the staff's draft approaches regarding training and experience (T&E) requirements for radiopharmaceuticals requiring a written directive ([84 FR 23812](#)).

The new comment period end date is July 3, 2019. Please submit your comments on the staff's draft approaches for T&E by July 3, 2019, using www.Regulations.gov, Docket ID [NRC-2018-0230](#).

To review the draft approaches on which the staff would like your feedback, please see Section III of the May 2, 2019, *Federal Register* notice: <https://www.federalregister.gov/d/2019-08996>.

If you have questions about the T&E evaluation or the public comment period, please contact Sarah Lopas at (301) 415-6360 or Sarah.Lopas@nrc.gov, or Maryann Ayoade at (301) 415-0862 or Maryann.Ayoade@nrc.gov.
