ATTN: Freedom Of Information Act Request

RE: FOIA for NRC Licensees within the State of Michigan

To Whom It May Concern,

I am seeking access to records under the Freedom of Information Act. Specifically, I am requesting a list of radioactive material licensees in the State of Michigan and northern Indiana. I am a Health Physicist with 34 years of experience. I have worked for decommissioning sites, nuclear utilities, hospitals, Universities, and DOE National Laboratory.

In 2016, I moved to (b) (6) for employment at a Contract Research Organization (CRO) to round out my experience. However, the company was purchased by an international corporation and, as a result of reorganization, I was terminated. I would now like to offer my services to companies using radioactive material, such as; rad safety training, sealed source leak testing, surveys and monitoring, and rad safety compliance and safety audits, etc.

Name, Address, and Contact information

Matthew Rumick  
(b) (6)

Email: (b) (6)

Cell Phone: (b) (6)

Home Phone: (b) (6)

My services could be of great benefit to organizations, especially due to the fact that it seems that personnel of my expertise are dwindling. An Excel spreadsheet (or CSV format) of licensees is all that I am requesting. I am willing to pay fees up to \$150.00 to complete this request.

Should you have any questions or comments please feel free to give me a call.

Respectfully,

Matthew Rumick  
Health Physicist
