

June 2019

U.S. Nuclear Regulatory Commission  
ATTN: Document Control Desk  
11555 Rockville Pike  
Rockville, MD 20852-2738

Subject: Letter Regarding Prior QAPD Review

Due to updates, Oklo is requesting that the NRC abandon the paused review work on prior Quality Assurance Program Description (QAPD) related submissions from Oklo. Oklo is working to ensure that its quality assurance planning is the most effective, comprehensive, and up to date it can be and will be submitting an improved QAPD.

If you have any questions or need any additional information, please contact us at [regulatory@oklo.com](mailto:regulatory@oklo.com).

Sincerely,

A handwritten signature in blue ink, appearing to read "Caroline Cochran".

Caroline Cochran  
Co-Founder, COO  
Oklo Inc.
