Mr. Pope,

Based on recent feedback from one of our inspectors, we are recommending to change your current Condition 11 as found below:

CURRENT:

~~11. A. The licensee is authorized to distribute only from its facilities located at:~~

~~31 Albe Drive, Suite 5, Newark, Delaware;
3320 East 85th Place, Suite A/B, Merrillville, Indiana;
4106 New West Drive, Pasadena, Texas;
4516 Baldwin Boulevard, Corpus Christi, Texas;
8181 Innovation Park Drive, Baton Rouge, Louisiana;
2698 South Redwood Road, Suite T, West Valley City, Utah;
5750 Imhoff Drive, Suite F, Concord California.~~

~~Additionally, the licensee may distribute licensed material at temporary job sites of the licensee anywhere in the United States where the NRC maintains jurisdiction for regulating the use of licensed material, including areas of exclusive Federal jurisdiction within Agreement States.~~

RECOMMENDED:

11. **B.** The licensee may distribute licensed material **at temporary job sites** in the United States where the licensee is authorized to possess and use licensed material.

Please let me know ASAP if this is acceptable to you. If not, please provide your reasoning.

Thank you,

Don Lowman

Mr. Lowman,
Yes, the conditions in 11.A. are unchanged and should remain on the exempt distribution license. We are only closing our Newark office and moving all of our NRC correspondence to our office in Merrillville Indiana.
Thanks,
Monte

Subject: License Amendment Request

Mr. Pope,

You recently requested to remove the 31 Albe Dr. Ste. 5, Newark, DE 19702 address from your exempt distribution license and direct all correspondence and communication to your Merrillville, IN location. You also state, "With the closure of our Delaware office, all activities that occur under the authorization of our NRC specific license and NRC Exempt Distribution license will originate in our Merrillville Indiana office." I have the following question; Condition 11.A. of your exempt distribution license lists several other facilities (e.g. Pasadena, TX, Corpus Christi, TX, etc.) authorized for distribution. Should these additional locations remain in the license?

Thank you,

Don Lowman
