Attachments: [NRC FOIA Attachment.pdf](#)

Hello,

We are conducting an environmental assessment on the property located at 2630 Greenleaf Avenue, Elk Grove Village, IL 60007. Therefore, we are seeking access to records under the Freedom of Information Act. It is our understanding that a former tenant of the facility, Atomic Energy of Canada Ltd. had a license filed with the NRC (license number 12-18482-01). The facility was licensed from April 1979 to August 1991. We are requesting records regarding the facility's license, and inspections, and any equipment decommissioning files, if any.

We tried to submit this request using the electronic web form but received an error message. If its possible, electronic records are preferred. We are willing to pay fees up to \$50.00. If the fee will be higher, please notify me so that I can obtain authorization for the expense. See attached for additional information regarding the facility.

Thank you,
Christina Garrett
