SUBJECT: ROUTE RE-APPROVAL APPLICATION (U.S. NUCLEAR REGULATORY  
COMMISSION ROUTE NO. 247), DOCKET NUMBER: 070-07011

Dear Mr. Mosley:

I am responding to your letter dated February 21, 2019, which requested that the U.S. Nuclear Regulatory Commission (NRC) re-approve Truck Route No. 247, which was scheduled to expire June 30, 2021. Route No. 247 is used for transporting spent nuclear fuel.

The NRC has reviewed your application and concluded that the information you provided dated February 21, 2019, with supplemental information dated July 25, 2019, satisfies the requirements of Title 10 of the *Code of Federal Regulations*, Section 73.37. This letter constitutes approval. The approved route is now designated as Truck Route No. 247A and will expire August 31, 2024. The NRC expects your periodic review and update of the emergency telephone numbers associated with this route. Changes to emergency contact numbers do not qualify as a route deviation or change.

If you have questions on this route approval or require additional information please contact Mr. Alex Sapountzis at (301) 287-3660, or via e-mail at [Alexander.Sapountzis@nrc.gov](mailto:Alexander.Sapountzis@nrc.gov).

Sincerely,
