Subject: Docket 50-156, License R-74  
Technical Specification 6.7.2(2)(a)  
Change in Operating Organization

The following information is submitted in compliance with  
Technical Specification 6.7.2(2)(a).

Effective, July 1, 2019, Dr. Paul P.H. Wilson has become the chair of the department of Engineering Physics at the University of Wisconsin at Madison (UW-Madison). He replaces Dr. Douglass L. Henderson who has served as chair for the past four- and one-half years.

Dr. Wilson is a long-time faculty member of the department of Engineering Physics, coming to UW-Madison in 2001 after earning a Doctor of Engineering degree in Mechanical Engineering from the Technical University of Karlsruhe in Germany in 1998 and a Ph.D. in Nuclear Engineering from the University of Wisconsin at Madison in 1999. His fields of interest, research and teaching include advanced nuclear fuel cycles, nuclear energy systems and nuclear physics modeling. Dr. Wilson has served as a member of the Reactor Safety Committee from 2005 to present. Upon his appointment to the operating organization, he has resigned his position on the committee and is automatically reappointed as an ex-officio member without voting privileges. He is very well acquainted with the facility and reactor operations.

Sincerely,

Robert J. Agasie  
Reactor Director
