Washington, D.C. 20555-0001

To Whom It May Concern:

Enclosed is the final After Action Report for the Susquehanna Steam Electric Station (SSES), Medical Services (MS-1) Drill that was held on May 22, 2019. The Geisinger Bloomsburg Hospital, and Greater Columbia Medical Transport Service participated in the drill.

There were no Level 1 Findings, Level 2 Findings, or Planning Issues identified during the drill.

Based on the results of the exercise and a review of the offsite radiological emergency response plans and procedures submitted, FEMA Region III has determined that they are adequate (meet the planning and preparedness standards of NUREG-0654/FEMA-REP-1, Revision 1, November 1980, as referenced in 44 CFR 350.5) and there is reasonable assurance they can be implemented, as demonstrated during this drill.

If you have any questions, please contact Thomas Scardino at (215) 931-5546.

Sincerely,

A handwritten signature in black ink, appearing to read "MaryAnn Tierney".
