

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

July 16, 2019

Alison Dettmer, Deputy Director  
California Coastal Commission  
45 Fremont Street, Suite 2000  
San Francisco, CA 94105-2219

SUBJECT: INVITATION TO THE SEPTEMBER 2019 CALIFORNIA COASTAL  
COMMISSION MEETING

Dear Deputy Director Dettmer:

Thank you for inviting me to attend and participate in the California Coastal Commission public hearing planned for September, on the proposed costal development permit needed to decommission SONGS units 2 and 3. I am pleased to accept your invitation. I appreciate the opportunity to respond to any questions related to the August 3, 2018, spent fuel canister misalignment event and associated corrective actions, as well as any questions related to the proposed decommissioning activities.

I am looking forward to further coordination as the September meeting draws closer. Regarding details and logistics for the meeting, please contact Marlayna Doell by e-mail [Marlayna.doell@nrc.gov](mailto:Marlayna.doell@nrc.gov) or by telephone at (301) 415-3178.

Sincerely,

**/RA/**

John W. Lubinski, Director  
Office of Nuclear Material Safety  
and Safeguards
