ATTENTION: Michael Albanese, Radiation Safety Officer

Dear Mr. Albanese:

Thank you for the cooperation given me during the inspection on June 18, 2019, at a temporary jobsite at Wood Environmental & Infrastructure Solutions, Inc. "Lab" in Knoxville, TN, of activities conducted under reciprocal recognition of your U.S. Nuclear Regulatory Commission [Radioactive] Materials License No. 11-27610-01, Amendment No. 29 (under "timely renewal").

After reviewing the data collected, we are pleased to inform you that we note no items of non-compliance with the license or the Tennessee "State Regulations for Protection Against Radiation" in your program.

Sincerely,

Roger L. Macklin, M.S.
