UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

September 30, 2019

Loren Sweatt
Acting Assistant Secretary of Labor
Occupational Safety and Health
Administration
200 Constitution Avenue
Washington, DC 20210

SUBJECT: AGREEMENT BETWEEN THE NUCLEAR REGULATORY COMMISSION AND THE STATE OF VERMONT

Dear Ms. Sweatt:

This letter is to inform you that the U.S. Nuclear Regulatory Commission (NRC) has approved an Agreement with the State of Vermont under Section 274 of the Atomic Energy Act of 1954, (AEA) as amended. The Commission has determined that the Vermont program for the regulation of materials covered by the Agreement is compatible with the Commission's program and is adequate to protect public health and safety. Under this Agreement, Vermont has assumed regulatory authority over byproduct material as defined in Sections 11e.(1), 11e.(3), and 11e.(4) of the AEA, source material, and special nuclear material in quantities not sufficient to form a critical mass in the State. The Agreement became effective on September 30, 2019.

The NRC staff will conduct periodic reviews of the Vermont program to ensure that the terms of the Agreement continue to be met.

If you have any questions, you may contact Paul Michalak at (301) 415-5804 (Paul.Michalak@nrc.gov).

Sincerely,

/RA/

Andrea L. Kock, Director
Division of Materials Safety, Security, State
