Received During the Period of July 1 – July 5, as submitted by requester**

Tracking Number	Requester's Name	Requester's Organization	Request Description	Received Date
2019-000347	Wheeler Cowperthwaite	Cape Cod Times	All investigation reports and summaries, between 2016 and July 1, 2019, including those produced by the Office of the Inspector General, stemming from the Pilgrim Nuclear Power Station in Plymouth, Massachusetts. This includes, but is not limited to, audits and investigation reports of employees, incidents and contractors.	07/01/2019
2019-000348	Cheryl Olson	Dairyland Power Cooperative	Information pertaining to NRC correspondence regarding the LaCrosse Boiling Water Reactor and the related independent spent fuel storage facility (ISFSI).	07/01/2019
2019-000349	Kristen Bonds	Source Production & Equipment co.	A historical list of licensees/persons who have requested SPEC related information in the last 5 years including the requesters name, date and overview of information received by the requester. Request topics may include but are not limited to: Radioactive Material License-LA-2966-L01; Quality Assurance Program- Approval #0102; SPEC manufactured Type B packages: SPEC 150(USA/9263/B(U)-96), SPEC 300 (USA/9282/B(U)-96), and SPEC C-1(USA-9036-B(U)-96); SSDR's for SPEC manufactured Devices and source assemblies; and any additional information requested in the last 5 years.	07/02/2019
2019-000350	Nick Maxwell		The "publicly available copy of the agreement between Holtec and Intrepid Mining LLC (Intrepid) concerning the control of mineral rights and potash mining on the proposed project site." See ML19081A075, page 12 of 52; and the "publicly available...redacted or similar version" of the "agreement (MOA) between Holtec and Eddy Lea Energy Alliance, LLC (ELEA) covering	07/02/2019

			the design, licensing, construction, operation, decommissioning, and purchase terms of the site and the approval by the New Mexico Board of Finance for the sale of the site to Holtec." See ML19081A075, page 13 of 52.	
2019-000351	Vernon Thornblad		Information on whether Republic Steel actually received radioactive isotopes and if so, in which facility they were received, the nature of their experimentation and work with radioactive isotopes, it's purpose and the results, and on what became of the radioactive isotopes and any contaminated equipment and/or waste that resulted upon the conclusion of their work. Is there a record in which storage facility all of the radioactive materials, waste, and contaminated equipment were taken?	07/02/2019
2019-000352	Dan Humphreys	Democratic Senatorial Campaign Committee	Any correspondence between named individual, and emails with domain of @jamesgroupintl.com and the Nuclear Regulatory Commission.	07/02/2019
2019-000353	Michael Ravnitzky		A copy of the records marked "non-responsive" in the response to NRC-2019-000221.	07/03/2019

Office of Nuclear Material Safety and Safeguards (NMSS)
Items of Interest
Week Ending JULY 5, 2019

State of Vermont: NRC Staff Assessment of a Proposed Agreement Between the Nuclear Regulatory Commission and the State of Vermont; Proposed State Agreement; Request for Comment; Part 150 of Title 10 of the Code of Federal Regulations (NRC-2019-0114)

On July 2, 2019, the NRC published in the *Federal Register* (84 FR 31518) a notice of proposed agreement between NRC and the State of Vermont and is requesting public comment on the agreement. By letter dated April 11, 2019, Governor Philip Scott of the State of Vermont requested that the NRC enter into this agreement as authorized by Section 274b. of the Atomic Energy Act of 1954, as amended (AEA). Under the proposed Agreement, the Commission would discontinue, and the State of Vermont would assume, regulatory authority over certain types of byproduct materials as defined in the AEA, source material, and special nuclear material in quantities not sufficient to form a critical mass. The NRC is also publishing the summary of a draft assessment by the NRC staff of the State of Vermont's regulatory program. Comments are requested by July 25, 2019, on the proposed Agreement and its effect on public health and safety. Comments are also requested on the draft staff assessment, the adequacy of the State of Vermont's program, and the State's program staff.

Section 274e. of the AEA requires that the terms of the proposed Agreement be published in the Federal Register for public comment once each week for four consecutive weeks. This document is the second notice being published in fulfillment of that requirement.

**Office of the Secretary (SECY)
Items of Interest
Week Ending JULY 5, 2019**

Document Released to Public	Date of Document	Subject
Decision Documents		
1. Staff Requirements Memorandum SECY-19-0036	07/02/2019	Application of the Single Failure Criterion to NuScale Power LLC's Inadvertent Actuation Block Valves
