SUBJECT: E. I. DU PONT DE NEMOURS AND COMPANY, INC., EXPERIMENTAL  
STATION, REQUEST FOR CONSENT FOR DIRECT LICENSE TRANSFER,  
MAIL CONTROL NO. 611166

Dear Ms. Aubain:

By a letter dated January 25, 2019, E. I. du Pont de Nemours and Company, Inc. (E. I. du Pont) submitted to the U.S. Nuclear Regulatory Commission (NRC) a request for consent for a license transfer of NRC Materials License(s) No. 07-13441-02. Based on the information you provided, we understand that as a result of a proposed re-structuring of the wholly-owned subsidiaries of DowDuPont, Inc., the activities currently authorized by the above license issued to E. I. du Pont will directly be transferred to DuPont Specialty Products USA, LLC. DuPont Specialty Products USA, LLC, is a wholly-owned subsidiary of DuPont de Nemours, Inc., formerly known as DowDuPont, Inc. We further understand, as described by the transferor, that this transfer will result in a change to the licensed name, but will not result in any changes to the licensed materials, persons using the licensed material, location of use of licensed material, or persons responsible for the licensee's radiation safety program.

Based on the above understandings and as more fully detailed in the enclosed NRC staff's Safety Evaluation Report, which documents the NRC staff's review of the request, we consent to the proposed transfer. Based on your notification dated June 28, 2019, that the transaction was finalized on June 3, 2019, enclosed is the amendment of your NRC license to reflect the new name. Future changes in the licensee's name, licensed use, licensed materials, licensed location, or persons responsible for licensed material, or other changes to the corporate structure organizational structure require submission of a request to amend the license or a request to transfer the license. NRC approval must be received prior to the implementation of the proposed change. Please contact Betsy Ullrich at (610) 335-5040, or by e-mail to [Elizabeth.Ullrich@nrc.gov](mailto:Elizabeth.Ullrich@nrc.gov) if you have any questions regarding this letter.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice for Domestic Licensing Proceedings and Issuance of Orders," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC website at <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "Betsy Ullrich". The signature is fluid and cursive, with a large initial "B" and a long, sweeping underline.
