## **II. Discussion**

The NRC is issuing for public comment draft plant-specific Supplement 10, Second Renewal, to the GEIS for License Renewal of Nuclear Plants, NUREG-1437, regarding the subsequent renewal of Facility Operating License Nos. DPR-44 and DPR-56 for an additional 20 years of operation for Peach Bottom Units 2 and 3. Draft plant-specific Supplement 10, Second Renewal, to the GEIS includes the preliminary analysis that evaluates the environmental impacts of the proposed action and alternatives to the proposed action. The NRC's preliminary recommendation is that the adverse environmental impacts of subsequent license renewal for Peach Bottom are not so great that preserving the option of subsequent license renewal for energy-planning decisionmakers would be unreasonable.

## **III. Public Meeting**

The NRC staff will hold a public meeting prior to the close of the public comment period to present an overview of the draft plant-specific supplement to the GEIS and to accept public comment on the document. The meeting will be held on September 12, 2019, from 6:00 p.m. to 8:00 p.m. at the Peach Bottom Inn, 6085 Delta Road, Delta, PA 17314. There will be an open house one hour before the meeting for members of the public to meet with NRC staff members and sign in to speak. The

meeting will be transcribed and will include: (1) a presentation of the contents of the draft plant-specific supplement to the GEIS and (2) the opportunity for interested government agencies, organizations, and individuals to provide comments on the draft plant-specific supplement to the GEIS. To be considered in the final supplement to the GEIS, comments must be provided either at the transcribed public meeting or submitted in writing by the comment deadline identified above. Persons may pre-register to attend or present oral comments at the meeting by contacting Mr. David Drucker, the NRC Project Manager, at 301-415-6223, or by e-mail at [David.Drucker@nrc.gov](mailto:David.Drucker@nrc.gov) no later than Thursday, August 29, 2019. Members of the public may also register to provide oral comments within 15 minutes before the start of the meeting. Individual oral comments may be limited by the time available, depending on the number of persons who register. If special equipment or accommodations are needed to attend or present information at the public meeting, the need should be brought to Mr. Drucker's attention no later than Thursday, August 29, 2019, to provide the NRC staff adequate notice to determine whether the request can be accommodated.

Dated at Rockville, Maryland, this 1<sup>st</sup> day of August, 2019.

For the Nuclear Regulatory Commission.
