TO: FILE (THREE MILE ISLAND UNIT 2)
SUBJECT: TECHNICAL REPORT BY C. MICHELSON

Attached is a technical report entitled "Decay Heat Removal During a Very Small Break LOCA for a B&W 205-Fuel-Assembly PWR" by C. Michelson. Mr. Michelson prepared this report in early 1978 for his employer, TVA, who forwarded it to B&W for review and comment. Copies of the report were not supplied to the ACRS office at that time.

Mr. Michelson has assisted the ACRS on a number of occasions and was called upon to provide assistance in the evaluation of the Three Mile Island Unit 2 (TMI-2) accident. In conjunction with this review, Mr. Michelson provided copies of his report to the ACRS on or about April 4, 1979.

Mr. Michelson has said that the report is considered a document which may be given to anyone requesting it.
