MEMORANDUM FOR: Milton J. Grossman, Hearing Division Director and  
Chief Counsel, ELD

FROM: D. B. Vassallo, Assistant Director for Light Water  
Reactors, DPM

SUBJECT: BOARD NOTIFICATION - B&W REACTOR VESSEL WELD MATERIAL

The enclosed memorandum from V. Stello regarding the possibility of out-of-specification material being used in various pressure vessels manufactured by Babcock & Wilcox should be supplied to the Board for Three Mile Island 2 and Midland 1. The V. Stello memorandum with its enclosed letter to the licensees provides adequate information for Board notification at this time. Follow-up material will be provided when available.
