Subject: [External_Sender] Fwd: FOIA request for INPO SER 76-84

There is ongoing pressure to reduce plant inspections. We need to release materials like INPO SER 76-84 to the public as the findings are produced.

Subject: FOIA request for INPO SER 76-84

I am seeking a copy of INPO SER 76-84 under the Freedom of Information Act. NRC [Information Notice No. 85-86: Lightning Strikes at Nuclear PowerGenerating Stations](#) references INPO SER 76-84. This discloses that NRC has INPO SER 76-84. This is my request under FOIA to be provided with a copy of INPO SER 76-84. I will pay expenses such a copying, mailing, etc.
