CLOSURE OF LICENSED FACILITY, MAIL CONTROL NO. 612679

Dear Mr. Neubauer:

This is in reference to your letter dated May 29, 2019 notifying the NRC that you plan to close your facilities in West Virginia where licensed materials on gauges are used. Your letter is accepted as the required notification pursuant to 10 CFR 30.36(d). Based on your letter, it appears that removal of all gauges will occur with the 24 months required in 30.36(h). If you determine that a longer period will be required, you should submit a plan to us within 12 months of your letter, and provide the information requested in 30.36(i). No further correspondence on this matter is required at this time.

If you have questions, please contact me by telephone at (610) 337-5040 or by email to Elizabeth.Ullrich@nrc.gov. Thank you for your cooperation in this matter.

Sincerely,
